What should you know?

Since January 29, 2018, all non-restricted firearms present on Québec territory must be registered. Commonly known as "long guns," this category of firearms generally consists of shotguns and hunting rifles.

Firearm owners—both companies and individuals—are required to register their firearms with the Service d'immatriculation des armes à feu du Québec of the Ministère de la Sécurité publique.

All owners of a registered firearm must notify the Ministère whenever they transfer ownership of said firearm.
